September 10, 1852-10. THE VESPER GAS. OR AIR LIGHT

P. S ... Brown's Superior Trunks and Valices.

The Cheapest, most Brilliaut, and most Conventent Artificial Light in the World! THE Vesper Gas Light has won for itself a reputation. I for elegance, economy, safety, and simplicity far beyond any other artificial light. The Vesper Gas flame and fixtures precisely resemble in form thore of coal gas, but in brilliancy and purity of light it possesses a doclede advantage over new Louisville coal gas. It requires no chimney; there is no need of dufity trimming of wick; and the construction of the fixture is as simple that it is not liable to get out of order, and a child can manage it readily. The gas three dia the Vespor fixtures is generated from pure coal cid, without any admixture of alcohol or other toreign ingredient. It is onlirely free from odor while burning, as, by a simple contrivance, the vapor of the oil is mixed with the atmosphere, producing perfect combustion and a most intenselight. Tho light has been pronounced, by these who have had it in constant use for months, as most pleasant to the eye while reading or sawing, there being no filcker or unstendiness in the flame. The Vespar Gas Light is portable, and can be used in town or country—la fact, wherever nrificial light is required. The fixtures themselves are adepted in sights to suit all tastes, from the plain single-light burner to the most costly chandellor. Each chandeller is perfect in liself, there is no outlay to be made for service pipes. The gas is generated in the burner, and all fixtures, from the cheep single-light burner to the expansive chandeller, are rulniature gas-works in themselves. They are sold nt prices which do not excend the cost of the ordinary gas fixtures of similar siyle and ornamutation. A price list will be sent to any address on application. THE Vesper Gas Light has won for itself a reputation

A Benecolent Institution established by special Endow-ment for the Relief of the Sick and Distressed, of, ficted with Firelent and Epidemic Diseases.

THE HOWARD ASSOCIATION, in view of the awful destruction of human life caused by Soxual diseases. THE HOWARD ASSOCIATION, in view of the awful destruction of human life caused hy Sexual diseases, and the deceptions practiced upon the unfortunata victims of such diseases by Quacks, several years ago directed their Consulting Surgeon, as a CHARITAELE ACT worthy of their name, to open a Dispensary for the treatment of this class of diseases, in all thair forms, and to give MEDICAL ADVICE GRATIS to all who apply by letter, with a description of their condition, (age, occupation, habits of life, &c.) and in case of extreme poverty, to FURNISH MEDICINES FREE OF CHARGE. It is needless to add that the Association commands thin highest Medical Skill of the age, and will furnish the most approved modern treatment.

The Directors of that Association, in their Annual Report apon the treatment of Sexual Diseases, express the highest satisfaction with the success which has attended the labors of their Surgeons in the cure of Spermator-thea, Seminal Weaknoss, Gonorrhea, Gleet, Syphilis, the vice of Onanism or Self-Abusa, Disease of the Kidneys and Bladder, &c., and order a continuance of the same plan for the ensuing year.

The Directors on a review of the past, feel assured that thair labors in this sphere of benavolent effort have bean of great hansaft to the afflicted, especially to the young, and they have resolved to devote themselves, with renewed real, to this vary important and much despised cause.

STRAY NOTICE

FRANKEY up 38 STRAY, by JAMES M WEST, living I about two miles Northwest of Frankfort, and near the Kentucky river, one pale read built Calf, supposed to be two years old text Spring. No brands or marks perceivable. Appraised to five dollars before the uodersigned, a Justice of the Pence for said county, by Charles P. Owen, a housekeeper in said county, on his oath, this 13th day of December, 1859.

Dec. 19, 1859-4tw.

This is not a temporary popularity, obtained by extraordinary efforts in the woy of trumpeting the qualities of the Bitters, but a solid estimation of an invaluable medicine, which is destined to be as enduring as time itself.

Hostetter's Stomach Bitters have proved

a Godsend to regions where fever and ague and various other bilious complaints have counted their victims by hundreds. To be able to state confidently that the "Bitters" are a certain cure for the Dyspepsia and like discases, is to the proprietors a source of un alloyed pleasure. It removes all morbid matter from the stomach, purifies the blood, and imparts renewed vitality to the nervous system. giving it that tone and energy indispensable for the restoration of health. It operates upon the stomach, liver, and other digestive organs, mildly but powerfully, and soon restores them to a condition essential to the healthy discharge of the functions of nature.

Elderly persons may use the Bitters daily as per directions on the hottle, and they will find u it a stimulant peculiarly adapted to comfort declining years, as it is pleasant to the palate invigorating to the howels, excellent as a tonic and rejuvenating generally. We have the evidence of thousands of aged men and women who have experienced the henefit of using this preparation while suffering from stomach de-rangements and general debility; acting under the advice of physicians, they have abandoned all deleterious drugs and fairly tested the merits of this article. A few words to the gentler sex. There are certain periods when their cares are so harassing that many of them sink under the trial. The relation of mothe. and child is so absorbingly tender, that the mother, especially if she be young, is apt to forget her own health in her extreme anxiety for her infant. Should the period of maternic arrive during the summer season, the wear of body and mind is generally aggravated. Here then, is a necessity for a stimulant to recup. rate the energies of the system, and enable the mother to hear up under her exhausting tria. and responsibilities. Nursing mothers generally prefer the Bitters to all other invigora tors that receive the endorsement of physi cians, hecause it is agreeable to the taste as well as certain to give a permanent increase

of bodily strength. All those persons, to whom we have particu larly referred above, to wit: sufferers from fever and ague, caused hy malaria, diarrhœu, dysentery, indigestion, loss of appetite, and all diseases or derangements of the stomach, superannuated invalids, persons of sedentary occupation, and nursing mothers, will consul their own physical welfare hy giving to Hos tetter's Celebrated Stomach Litters a trial.

CAUTION.—We caution the public against using any of the many imitations or counterfeits, but ask for Hospetter's Celebrater STOWACH BITTERS, and see that each bottle has the words "Dr. J. Hostetter's Stomach Bitters" blown on the side of the bottle, and stamped on the metallic cap covering the cork, observe that our autograph signature is on the
